

# Purchase of residents' parking permits

---

There are two ways to obtain a residents' parking permit:

- You can apply for the parking permit **in person at the Residents' Services Office counter**. In this case, you will need the vehicle registration document together with any other documents as per the [explanatory leaflet](#). The fee must be paid directly at the counter (in cash or by card). The parking permit will be issued to you directly and you will not have to wait for it to be delivered.
- You can order the parking permit online [here \(to online order of parking permit\)](#). In this case, you will need to scan the vehicle registration document. Once the application has been received, you will be notified by e-mail of any other documents that may be required. Please note that the parking permit is not valid until the invoice has been paid! To place your order, you will be redirected to our service partner, OM Computer AG.

## Questions and information about the issue of parking permits
