

# Your contact point in the event of an incident

Use the following QR code to find the emergency meeting point in your local municipality.

# Dear residents,

Events that turn our lives upside down can also happen here. Therefore, it is important to be well prepared.

This leaflet will show you where in the canton of Basel-Landschaft you can get information if an incident should happen in your local municipality. It also informs you on what to do in the event of a power blackout and how to prepare for a prolonged power blackout or shortage. Finally, this leaflet informs you on what to do in case of an alarm and on how to build up your personal emergency supplies.

Please read this information carefully, print this leaflet out and keep it in a safe place.

## Further information

is available at [www.notfalltreffpunkt.bl.ch](http://www.notfalltreffpunkt.bl.ch)

If you have any questions or concerns, please contact **061 552 72 72** or your local municipality.

### Legal notice:

Kanton Basel-Landschaft, Sicherheitsdirektion  
Amt für Militär und Bevölkerungsschutz  
Oristalstrasse 100, 4410 Liestal

*October edition 2023*

# Emergency meeting point – your contact point in the event of an incident

If the usual means of communication break down and you need help in the event of an incident, the emergency meeting point is your first official contact point. In the canton of Basel-Landschaft, at least one emergency meeting point is available in every municipality. In the event that your local municipality is affected by an incident, go to the emergency meeting point to get relevant information on the situation on site.

If you need or can offer help, the emergency meeting point is the contact point for making emergency calls and requesting help, for example in the event of a prolonged power blackout and communication breakdown.

Listen to the radio or use the Alertswiss app to find out which emergency meeting points are available at what times.

## Here you will find your emergency meeting point

In the event of an incident, a flag marks the location of your emergency meeting point. Generally, emergency meeting points are located in public buildings. These locations have been chosen so that they can be reached by most of the residents within a reasonable time.

**Important:** In the event of an incident, not all meeting points in a region may be put into service.

To find out your nearest  
emergency meeting point, go to

*MY EMERGENCY MEETING POINT* 

# Power blackout – Here's what to do

Switch off all mains-operated devices. When electricity flows again, switch on one appliance after the other (danger of overloaded circuits).

If your telephone is still working, call the emergency number only in case of an emergency and avoid unnecessary phone calls (danger of overloaded circuits). Instead, you should listen to radio SRF.

Use up refrigerated or frozen foods before using food supplies storable without refrigeration.

If you need help or information about the situation on site, go to the emergency meeting point.

For your personal preparation for a potential power/energy shortage situation, please read the handbook on personal preparations at ...

# Alarm sounds in the event of an incident

## General siren alarm

When danger is imminent, the sirens sound a regular ascending and descending tone.

### What to do?

- Listen to radio SRF
- Follow the instructions by the authorities
- Inform neighbours and family members

**In case of an emergency,  
call the emergency number 112**

## Alertswiss: the national alert platform

In the event of an incident, the authorities will alert you and keep you informed through the national platform Alertswiss. The Alertswiss app allows you to receive alerts, warnings and information as push messages directly on your mobile device. You can download the app on your smartphone using the QR code below.

# We advise – emergency supplies

If you keep food supplies at home, you have a valuable stockpile in case of an emergency. It allows you to handle a difficult situation more easily and prevents you from getting nervous or even from panicking. Therefore, it is in the interest and responsibility of everyone to keep enough supplies to tide him or her over and to maintain a certain level of self-sufficiency for a few days.

## My personal emergency stock

### Drinks

- 9 litres of water (per person)
- Other drinks
- Coffee, cocoa, tea
- Muesli, dried fruit, nuts

### Food

#### (for about 1 week)

- Rice or pasta
- Cooking oil or fat
- Canned food (e.g. vegetables, fruit or mushrooms)
- Flour, dried yeast
- Long-life sausages, dried meat
- Instant meals, e.g. hash browns
- Instant soups
- Hard or processed cheese
- Bouillon, salt, pepper
- Legumes
- Rusk, crispbread
- Chocolate
- UHT or condensed milk
- Sugar, jam, honey
- Special food (in case of food intolerance)
- Pet feed

### Home remedy/hygienic kit

- Soap, toilet paper
- Disinfectants
- 50 hygiene masks per person
- Personal medication

### It's a matter of taste

Consider the taste preferences of your family when building up emergency supplies. It is also advisable to keep a certain amount of food that can be eaten cold. Also, food should be stored properly, consumed and replaced within a reasonable time.

### And last but not least ...

- Battery-operated radio set, (crank) torch, spare batteries
- Candles, matches and / or lighters
- Gas cooker, hotplate
- Cash supply
